MEMORANDUM FOR: Director of Central Intelligence
FROM : SA/IA
SUBJECT : Agenda for Today's Cabinet Meeting

1. We just received from the Cabinet Office the agenda for today's meeting. Only the first two items of the seven items listed bear directly on budget questions. I discussed them with [redacted], who surmises that the discussions will probably be very broad and general. It appears that the President will recap the status of the 82 budget and that Stockman will urge all departments to stick to the FY-83 guidelines. 25X1

2. Because of the apparent nature of the meeting, it seems somewhat unlikely that it would be appropriate to bring up the FBI budget issue, but at least you have it in case the opportunity arises.

3. Item 5 is an update on Poland by Secretary Haig. It is not clear what aspect of the Polish situation it will focus on, but he may have mentioned this to you at your meeting this morning.

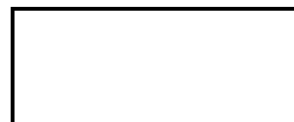

4. There does not appear to be much, if anything, that we can give you in preparation for the other items listed. I will check it out, however, and please let me know if there is anything you can think of that would be helpful to you.
